MESSAGE FROM THE REGIONAL DIRECTOR

In general, the Year 2019 brought some significant changes to CHED RO XI and to me as a public servant. On January 11, 2019, I was given the rare chance to be back in CHED RO XI, my home for 13 years before I was assigned in Caraga Region. It has been 5 years since I was given the opportunity to spread my wings in Caraga Region and I immensely thank our God for all His provisions and mercy while I was away. Going home brings both excitement and reservation. I am excited to be with my family, colleagues, partners and support system once again at the same time having some reservations considering the adage that "No prophet is accepted in his home town". Perhaps because familiarity breeds

contempt. I take the plunge with the hope that the CHEDRO XI family and stakeholders will listen to me for "what I came for" instead of "looking for a prophet that they expect". I came home hoping that their hearts are open to give this new leadership a chance to bring them and their institutions to where they should be, in greater heights. Afterall, I am blessed with good Directors before me, kind and supportive people and safe community.

As such, my message for this Year emphasizes on GRATITUDE for the Year 2019 and HOPE to continue and further improve in 2020 what have been beautifully started this Year. With an organizational structure composed of 20 Personnel holding plantilla positions and 16 Support Staff, supervising the 102 Higher Education Institutions is quite a roller coaster ride, withstanding one of the thrusts of the present administration on ease of doing business and the agency's preparation for ISO. Sadly, the Office lost this year an asset with the passing of Dr. Susan F. Labutap, Supervising Education Program Specialist. It is quite a relief that an equally good Education Supervisor II in the person of Engr. Rodrigo Pangantihon has joined the CHED RO XI Team.

The transition in leadership is not an excuse in accomplishing the significant milestones achieved by the Office in addition to the accomplishments made in accordance with the Office Performance Commitment Review (OPCR). Excellently, we have attained more than our targets. As such, I am thankful to the CHED RO XI Personnel, the CHED Central Office and other partners concerned for making things happened. Due recognition on the employees efforts and worthwhile contributions for the Office was done with an Awarding Ceremony before 2019 ends. While realizing my initial major thrust and direction as a new Regional Director which is on internal and external efficiency focusing on systems review and improvement, the first half of the year was focused on attaining a significant milestone for the Region which is the separation of the SPAMAST Malita and Digos Campuses and the establishment of a new state college – the Davao del Sur State College. The Office was able to come-up with a new vision, mission and strategic goals. We now envisioned CHED RO XI as a solution-driven Regional Office leading towards sustainability and satisfaction of stakeholders. We are committed in providing solutions for every situation such that "WE find SOLUTIONS..." is our tagline. These were properly communicated to the stakeholders for them to be guided on the future directions of the Regional Office and the present administration. A successful Career Guidance activity was also done in one of the malls in which the Higher Education Institutions and our partner agencies in this Region were given the opportunity to market their program and service offerings as well as their scholarship programs, respectively. This activity is beneficial to the parents and the Senior Senior High School students in the Region such that a repeat will be done every year. On the other hand, the quality of HEIs in the Region continue to improve this Year as additional HEI was added to the existing two which were granted autonomy and two HEIs made it to the deregulated status. The HEIs also continued producing topnotchers in the Board Licensure Examinations.

- After a blissful Year 2019, let us again continue our partnership in meeting the following specific priorities for 2020:
- Completion of the remaining and continuing 2019 plans and programs
- Compliance of all HEIs on the various CHED Memorandum Orders on minimum requirements for program, among other issuances
- Push for accreditation of HEIs' program offerings
- Strengthening of monitoring and evaluation activities
- Support for more relevant and responsive program offerings of HEIs
- Continued enhancement on the delivery of CHED RO XI services, and the internal and external efficiency of the Office through regional initiatives on automation and digitization

May we be true disciples for always, and in all ways.

PART 6 REGIONAL INITIATIVES

To be true in its commitment to provide solution for every situation, the CHEDRO XI took the initiatives in formulating strategic solutions that are meant to improve efficiency and effectiveness of service delivery, to increase productivity, and client satisfaction. These initiatives likewise address the nation's thrusts on Ease of Doing Business (EODB) and as part of the ISO initiative of the Commission. The following are the regional initiatives:

1. Automation of CHED XI Services and Operations

One of the major thrusts of RD Casquejo, is to provide effective, efficient and reliable service to the stakeholders in Region XI through automation of the Office transactions.

The automation has already started with the conversion of the existing records room into an e-records room, wherein all hard copies of records submitted by the HEIs over the years are digitized, stored in DVDs and with back-ups in the CHEDRO XI server. An information system has been developed to manage the digitized data. Another information system is being developed to manage submission of e-copies of documents from HEIs. CHED XI has partnered with various institutions in the development of these systems under the HEIs' extension programs. These HEIs include University of Mindanao, University of Southeastern Philippines, Holy Cross of Davao College, Brokenshire College, Holy Child College of Davao, University of the Immaculate Conception, and Ateneo de Davao University, which are COEs and CODs for Information and Technology Education.

Computer Engineering Students and Faculty of the University of Mindanao and Holy Cross of Davao College with RD Casquejo and CHED XI technical personnel during their system presentation last October 1, 2019

In addition, other information systems currently developed include (1) e-Records Verifier System with two sub-components: Party-Waiting CAV Automation System and Special Order Electronic System, (2) Student Financial Assistance Programs Management System, (3) Integrated Higher Education Management Information System, (4) Online Human Resource Information System, (5) NSTP Graduates Serial Numbering System, (6) CHEDXI Activity Log Mobile Application, (7) CHED XI Data Tracking Electronic System, and (8) Transactions Processing System with Queueing System. These systems are scheduled for initial deployment in the first quarter of 2020. The target implementation period of the automation project is from 2019 until 2021.

IT Students and Faculty of the University of Mindanao presented their proposed systems last August 30, 2019

2. Digitization of CHED RO XI's Promotional Reports and Enrolment Lists

The initiative to digitize the Region's submitted promotional reports and enrolment lists is the solution to address the lack of space in the Office to accommodate the voluminous document submitted by HEIs over the years.

To implement the initiative on digitization of Promotional Reports and Enrolment Lists, CHEDRO XI created a Committee

RD Casquejo's meeting with the Registrars and Personnel In Charge of the Digitization from the different HEIs for consultation

on Digitization which is composed of the following personnel: Engr. Maria Christina B. Condez (ESII), Engr. Rodrigo S. Pangantihon Jr. (ESII), Ms. Joy M. Barillo (Admin Aide VI), Ms. Sheila Mae G. Fuentes (Admin Asst III), Ms. Jermine R. Basister (Admin Aide VI), Ms. Ivy J. Discartin (PTS I), Mr. Mark Joseph C. Castañeda (PTS II), and Mr. Jason I. Oraiz (PTS I).

A clearing operation of the Records Room was started on March 1, 2019 where the Registrars Personnel of HEIs take turns in digitizing their Promotional Reports and Enrolment Lists which were submitted in the Office over the years.

Engr. Condez came up with the guidelines on the process of digitization and in June 6-7, 2019 meeting was conducted with the committee to prepare the members on their specific tasks. The Office issued Regional Memorandum No. 5, series of 2019 on May 30, 2019 informing the Heads, Registrars and IT staff of all private HEIs on the implementation of the new system. Orientations were given to HEIs' Key Personnel on the process

of digitization from June to July 2019. As of December 17, 2019, there are 52 private HEIs who have completed the digitization of their Promotional Reports and Enrolment Lists. The ultimate results of this initiative are the establishments of e-records Room and the digitized files for promotional reports and enrolment lists for back-up and easy retrieval and verification of records.

CHEDXI Digitization Committee members Ms. Jermine R. Basister, Ms. Ivy J. Discartin, Mr. Mark Joseph Castaneda, and Mr. Jason I. Oraiz facilitated in the Clearing Operation of the Records Room

3. Electronic Submission of Self-Evaluation Instruments and Supporting Documents for Monitoring and Evaluation of HEIs in Region XI

In addition to the regional initiatives on automation and digitization, CHED ROXI also embarks on electronic submission of self-evaluation instruments for monitoring and evaluation of HEIs in Region XI. This is to address concerns on portability, accountability and security of submitted documents for efficiency and effectiveness of monitoring and evaluation activities of the Office. The CHED Monitoring Team will no longer take time in during reports when visiting schools but rather use their time on validation and discussion on ways to develop the program.

To realize this, various preparations were done. In August 1, 2019, the Office conducted an orientation and training for all Education Supervisors in the new system to be used in the monitoring and evaluation of programs. In August 8, 2019, the Office released Regional Memorandum No. 6, series of 2019 to inform all Higher Education Institutions (HEIs) in the region of the activities to be conducted, in coordination with the Council of Deans and Program Heads of the different programs, to capacitate them in the new system. Series of orientations/trainings were done during the month of August 2019 which was participated in by all Deans and Program Heads of all HEIs in Region XI. The following are the scheduled orientations of the Council of Deans to wit:

During the orientation and training of Education Supervisors of CHEDRO XI in the new system of Program Monitoring and Evaluation of HEIs in Region XI on August 1, 2019 at the CHEDRO XI Conference room

5. Linkages and Partnerships

Due to the limited resources and access to make the implementation of programs efficient and effective, the Office deemed it important to collaborate with partner agencies. For one, the CHEDRO XI established a Memorandum of Agreement (MOA) on the implementation of CHED Scholarship Programs (CSP); Study Now Pay Later (SNPL); and Free Higher Education with HEIs. It also linked with National Bureau of Investigation (NBI) for a partnership in tracking SNPL Grantees.
